

Protect Your Investment.

Designed and manufactured in Canada by industry professionals to help prevent attacks on your assets.

Standard ATM vaults are only Business Hours rated.

This standard does not prevent attackers from prying or hammering the door open.

The Armoudillo fortifies your ATM and gives you peace of mind. As well as being a physical barrier, the presence of The Armoudillo acts as a visual deterrent to criminals and can stop attacks before they even start.

Level up your ATM or Kiosk security and fortify your investment.

- Canadian manufactured and engineered
- Stops physical attacks
- Stops smash and grabs
- Increases ATM vault rating
- Lowers insurance costs
- Offer protection against cutting, Oxy and drill attacks
- Individually keyed puck locks
- Double plated, hardened steel construction
- Built-in Gator
- 11 Attachment Points

Security Level: **High.**

Bolted directly to the ATM / Kiosk, **The Armourdillo** creates an additional line of security of double plated, hardened steel that protects the ATM/Kiosk from damage and theft.

Available for all models of ATM / Kiosk we carry.

How much is your investment worth?

Get the protection you need from the experts that know ATM security.
