

TRAVERSE

DESIGNED EXPRESSLY FOR THE RETAIL MARKET, THE TRAVERSE

has a sleek, modern design, all the innovative features you've come to expect from Triton. The Traverse includes all the latest regulatory features and with an entry-level price point, you'll see a faster return on your investment than ever before.

With a compact footprint that can fit into tight spaces, the Traverse can use a variety of dispensers. Traverse has an integrated topper, with low and high-topper options. The Traverse can easily be branded with an ATM wrap, and marketing features include customized signage, and onscreen messaging.

SECURE

The Traverse includes added PIN protection, a UL291 certified business hours cabinet, and a TKM option. Traverse is available with a variety of lock options and is compliant with all regulatory features including ADA, EMV and PCI 3.1.
